University of  
**Nottingham**

UK | CHINA | MALAYSIA

**Working  
collaboratively**

- 24 leading universities working together with schools and colleges
- Free CPD for teachers and advisers who support KS4, KS5 and university decision-making
- A national project with a particular focus on rural and coastal cold spots
- Bank of CPD resources and virtual events
- The Advancing Access team is hosted by the University of Nottingham.

- One of 29 consortia that form the National Collaborative Outreach Programme (NCOP)
- DANCOP partners: University of Nottingham, Nottingham Trent University, University of Derby and the FE colleges
- 13-18 year olds living in specific wards where progression to HE is lower than expected given GCSE attainment
- Learners are identified using postcode data.

## Making the most of today:

- Visit the universities' exhibition stands
- Ask questions!
- Share best practice
- Be open-minded
- Make new links.
